

Prairie Music Association announces the
BE INSTRUMENTAL
Instrument Donation Drive

Are your old band instruments forgotten in a closet somewhere? Don't let them collect dust! Let us put them into the hands of young musicians eager to learn and be a part of their school band. Donate your instruments and the Prairie Music Association (PMA) will get them played again!

The purpose of this instrument donation drive is to collect new and used instruments to be used by Prairie's band programs. These instruments will be used by Prairie students who cannot afford an instrument of their own and who meet certain qualifications.

The Prairie Music Association is interested in doing all we can to promote a vital interest in music and provide opportunities to pursue the study of a musical instrument. "Be Instrumental" is designed to provide band instruments for instruction to children that might otherwise not have access. Gathered instruments will be refurbished as needed and loaned to qualifying students through their school's band program.

- **Please bring your Instruments to Prairie Creek Intermediate or Prairie Point Middle School.**
- **Attach a note with your name, address, phone, email, and value of the instrument. (If unsure of the value, the music directors will assist.)**
- **PMA will mail you a receipt for the value specified by the donor, which may be used for a tax deduction.**

Supporters may also make a monetary contribution to support the program. If you have questions, please contact Kim Smith, PMA treasurer at kimhawkeye@msn.com. Or drop off your instrument at Prairie Creek or Prairie Point schools.

Thank you for being Instrumental in Prairie's music program!
